

EUROREPAR

20 YEARS OF ACCESSIBLE EXPERTISE

EUROREPAR

WHY CHOOSE THIS RANGE?

Because owning a vehicle today costs already expensive, especially when the vehicle gets older.

Because access to repair shops is open to all makes of vehicles.

Because quality and performance is not necessarily a question of price.

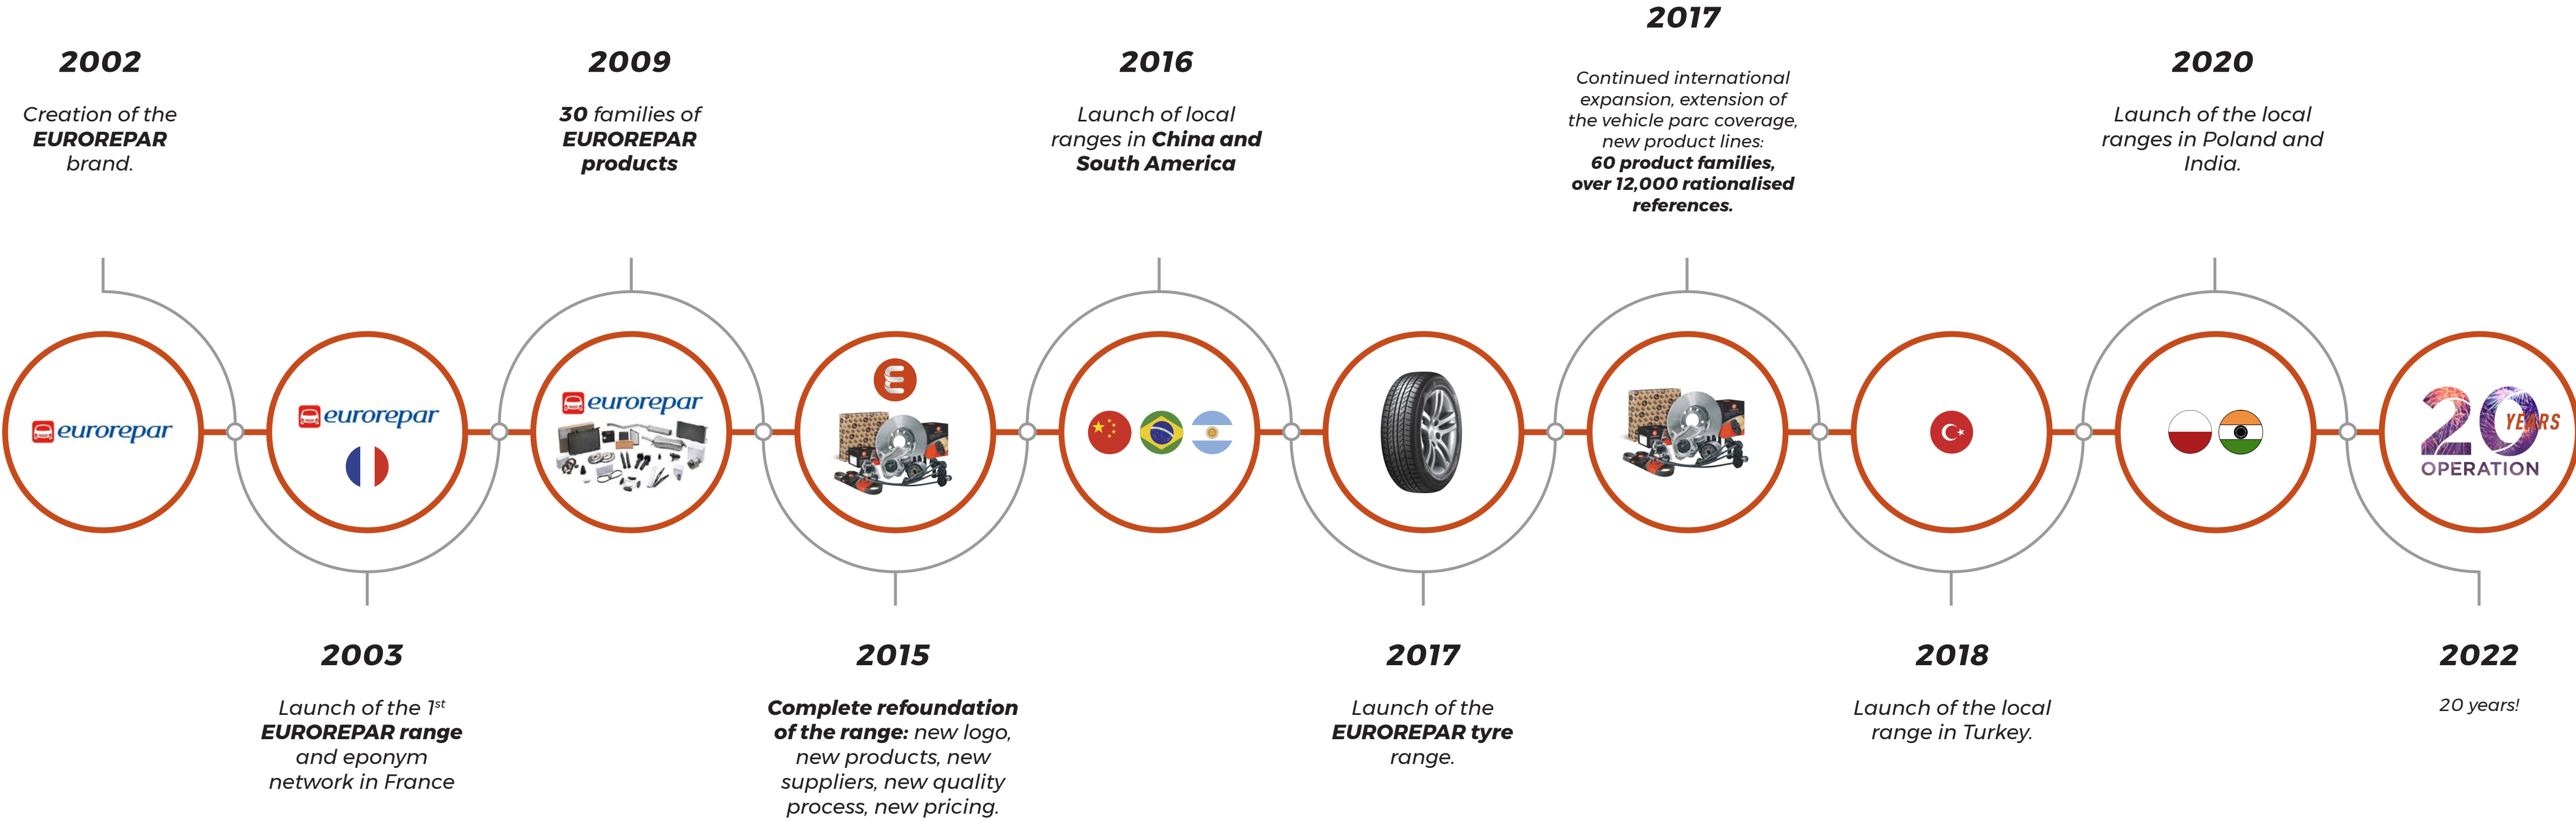

And because paying less does not mean having less warranty.

EUROREPAR

EUROREPAR HISTORY

EUROREPAR

OUR RANGE

MULTI-BRAND RANGE OF SPARE PARTS, ACCESSORIES, TYRES, WORKSHOP CONSUMABLES for the repair and servicing of vehicles.

This range perfectly answers the NEEDS of all REPAIRERS:

AUTHORISED REPAIRERS OF ALL MAKES
EUROREPAR CAR SERVICE NETWORK
INDEPENDENT REPAIRERS

EUROREPAR is **THE** multi-brand spare parts **RANGE** particularly adapted to older vehicles.

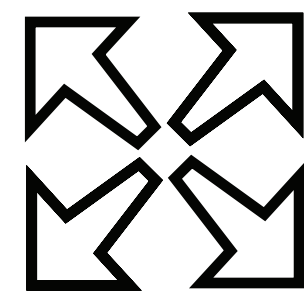

OUR VALUES

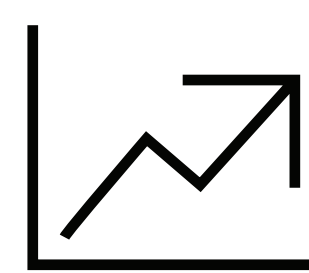

COMPETITIVENESS

Our Eurorepar parts allow you to offer your customers fantastic value for money.

MULTI-BRAND

Our line meets the strongest market demand.

PERFORMANCE

Our range is dynamic because we constantly adapt it to market trends and the needs of multi-brand repair shops:

- *New references for better coverage of the multi-brand market*
- *Product range rationalisation to cover several vehicles using a single reference,*
- *Regular launch of new products with high sales potential.*

AVAILABILITY

Our catalogue has a significant depth of range; and our distribution is provided by the logistical power of DISTRIGO and its partner distributors.

QUALITY

Our Eurorepar product managers are accompanied by quality and technical experts, as well as procurement managers who, thanks to their quality and OE engineering experience:

- *reference selected suppliers, validated for their know how in aftermarket multi-brand parts (manufacturing process audit, requirements on supplier ISO TS certificates, etc.),*
- *Control and verify the performance of our parts*
- *Put safety at the center of their actions,*
- *Permanently analyse the quality results of the range.*

OUR RANGE

*LARGE
COVERAGE
OF THE VEHICLE PARC*

OVER
17,000

STARTING IGNITION

EUROREPAR

FILTRATION

Oil Filter:

- *Reduced fuel consumption; economy.*
- *Adapted filter material: engine lifetime.*
- *Stopped particles up to 1 micron: health and comfort.*

FILTRATION

Fuel Filter

- Large and optimised range.
- Enhanced engine performances.
- Lower fuel consumption.
- Extended service life of the engine.

EUROREPAR

EUROREPAR

FILTRATION

Air Filter

- *Filters developed for each vehicle, taking account of the specifications of each engine*
- *Clean and pure air for improved combustion = longer service life of the engine.*
- *Reduced noise pollution linked to the engine operation*

FILTRATION

Cabin Filter:

- Technology adapted to each type of vehicle (particle or carbon filter) and to market demand
- The vehicle applications are detailed on the label along with the position of the cabin filter in the vehicle
- Packaging: the air-tight plastic bag preserves the filter's characteristics

EUROREPAR

BRAKE DISC

Comfort, Performance and Safety

- Safe and comfortable braking, with no vibration
- 100% of our products are approved before being launched (performance, vibration, wear, lifespan, etc.)
- A range of discs with bearings, which make it easier to replace components without causing damage.

BRAKING

Pre-assembled Rear Brake Kits:

- Save time when installing (50%) with this brake kit, which has been pre-assembled and pre-adjusted for easy installation
- "All-in-one" kit= a single ready-to-install item
- Reliability: 100% of products tested at the end of the production line

EUROREPAR

BRAKING

Brake Pads

- *Performance-tested for all conditions of use.*
- *Optimised friction materials for each vehicle application.*
- *Noise reduction system adapted to each vehicle.*

STARTING / IGNITION

BATTERIES

- Enhanced starting power: reliable in even the most demanding climatic conditions.
- High battery energy capacity: power supply performance in time.
- Resistant to corrosion: durability.
- EN 50342 Standard and W1-W5, C1-C2, V1-V4; E1 classification (Water consumption, Charge retention, Vibration resistance, Endurance): quality.

EUROREPAR

EUROREPAR

IGNITION

ZOOM ON OUR START/STOP BATTERIES:

- Premium quality and compliance with current European regulations EN 50342 - 6
- An optimised range incorporating all STT battery technologies : AFB and AGM
- Reliable start-up, rapid recharge and corrosion resistance
- 97% recyclable

STARTING IGNITION

ZOOM ON OUR ALTERNATORS AND STARTOR MOTORS:

- OE or premium quality of components replaced : quality.
- High power and reliability when starting,: performance.
- All rotating machinery is tested and validated before being shipped.

EUROREPAR

DISTRIBUTION

ZOOM ON OUR TIMING SUPER KITS:

- *Double-row ball bearings: smoother action and longer service life of the belt.*
- *Reinforced belts: avoid any risk of breaking.*
- *All in 1 kits: more economical and ensured compatibility amongst components.*

STARTING IGNITION

ZOOM ON OUR Glow:

- Quick start (3-5 sec), even at temperatures of -30°C.
- Tightening torque indicated on each packaging.
- Robust manufacturing validated through more than 70 tests.

EUROREPAR

EUROREPAR

STARTING / IGNITION

ZOOM ON OUR Iridium Spark Plugs:

- Innovative alloys for a longer service life, enhanced energy transmission, easier cold starting and reduced emissions of pollutant gases
- Complete range: spark plugs with 1, 2 or 3 electrodes
- Only 44 new references for optimised stock management
- Adapted for a maintenance interval of up to 100,000 km

SHOCK ABSORBERS

ZOOM ON OUR SUSPENSION KITS:

- *Twin-tube gas-filled technology allowing:*
- *Better roadholding: safety.*
- *Shorter braking distances: safety.*
- *Less vibrations: comfort.*

EUROREPAR

EUROREPAR

SUSPENSION / STEERING

ZOOM ON OUR Wheel Bearing Kit:

- *Extension of the range: better price positioning and better fleet coverage (from 190 to 548 references)*
- *Quality: our wheel bearings are tested and approved using resources similar to those used for the original part*
- *Particular attention is paid to the choice of lubricant, which can tolerate temperatures from -40° to +150°*

CLUTCH KITS

ZOOM ON OUR Clutch Kit :

- Complete renewal of the range: improved price positioning and better vehicle coverage.
- 1 full kit = easy to identify, easy to assemble, optimised price
- Acoustic comfort and fluid gear changes
- 3P Kit: the all-in-one solution (clutch disc, clutch mechanism and mechanical or hydraulic thrust bearing).

EUROREPAR

GAS SPRING

ZOOM ON Gas Spring:

- *Extension of the range: improved price positioning and better vehicle coverage*
- *Quality and reliability: long service life and high resistance to temperature variations*
- *Quick and easy installation without the use of tools (rod to be installed pointing upwards).*
- *Requires no maintenance*

WIPER BLADES

ZOOM ON OUR WIPER BLADES :

- *New design uniform pressure: optimal wiping.*
- *High-Tech rubber; lifetime of the blade.*
- *Weather resistance: -30°C.*

EUROREPAR

EUROREPAR

VISIBILITY

ZOOM ON OUR LAMPS:

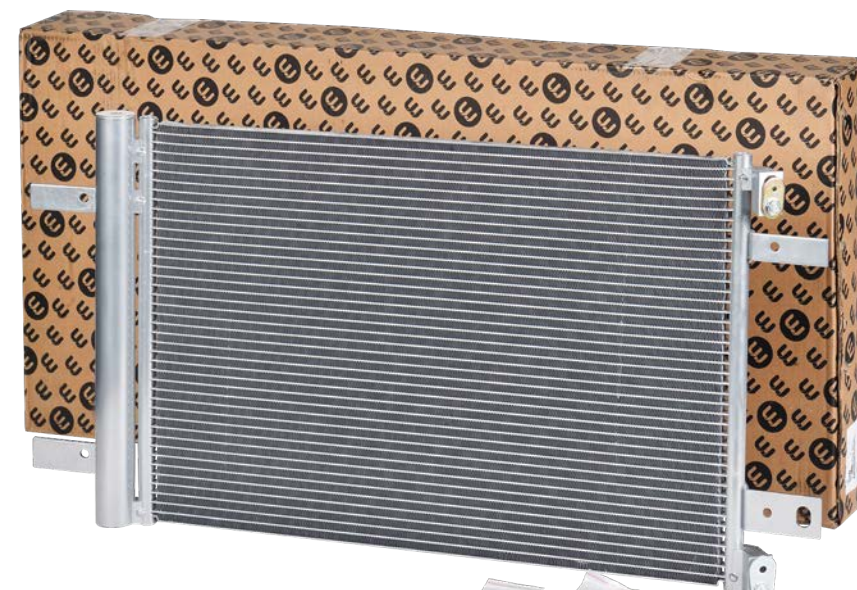

- *H7 Long-life lamps: extended lifetime.*
- *Halogene technology: powerful light beam.*
- *Intense white light; better visibility*

AIR CONDITIONING / COOLING

ZOOM ON OUR Condenser:

- *Extension of the range: more than 30 new references ensuring one of the best coverage rates on the market*
- **Quality, Reliability and long service life:** enhanced protection against corrosion
- *Easy assembly*

WORKSHOP CONSUMABLES

ZOOM ON OUR WORKSHOP CONSUMABLES:

- *Wide range: degreasing, cleaning, grease, lubricant, unblocking products, oil seals, protections, hygiene products, ... : choice.*
- *Smart pricing : economy.*
- *Respect of the strictest regulations: safety.*
